

SPRING MOUNTAIN RANCH

Hello Spring Mountain Ranch HOA,

The pool and kiddie pool will be closed tomorrow for the season. The pandemic situation created challenges in opening the pools this year and we hope this season was as enjoyable as possible.

The hot tub and steam room remain closed until further notice. With the two pools and hot tub closed, the outside gates to the pool area will be locked through the winter. Please use the front door or lower gym area to access the Ranch House.

The Ranch House and gym will remain open during the hours of 5 am - 11 pm daily. A reminder that masks are required inside the Ranch House unless you are working out in the gym on a machine.

Tennis and pickleball courts are still open and ready for action until there is snow.

The Yard Waste Bin project in SMR finished last week. It was another successful event. Thank you to all who participated. For those that still have woody debris, Valley County is sponsoring their 'bring it, don't burn it' program at the McCall Fire Station, 201 Deinhard Lane. There will be a bin placed at the station free for all to use October 8-20

Thank you!
